Action Taken Report on Stakeholders' Feedback on Curriculum and Academic Performance & Ambience

2022-2023

To be placed before Managing Board of Colleges

Newman College is committed to providing a high-quality education that is relevant to the needs of students, employers, and society as a whole. The college collected feedback from stakeholders on the curriculum, academic performance, and overall ambience. This feedback is used to take decisions about curriculum development, teaching and learning practices, and student support services.

Areas for Improvement:

- Strengthen the alignment of project work/internships with global competency and emerging trends. Collaborate with industry partners to offer more internship and placement opportunities.
- Enhance opportunities for developing inter and intrapersonal skills.
- Organize industry-led workshops and seminars to enhance practical knowledge and employability skills. More collaborative seminars/workshops may be arranged.
- Augment the curriculum with industrial needs and institutional requirements.
- Enhance the relevance of the curriculum for employment, self-employment, and higher education.
- Conduct regular reviews of infrastructure facilities and identify areas for improvement.

Actions Taken

The following is an overview of the actions taken by Newman College in response to feedback received from students, teachers, alumni, and employers.

Increased the number of activities by Institution Innovation Council and ED club to nurture creativity, problem-solving skills, and entrepreneurial mindsets.

- Increased the number of extracurricular activities and social events offered to students.
- Since the students look forward to Curriculum change in alignment with NEP, the college implemented OBE and have faculty representation in Mahatma Gandhi University curriculum development committee as per NEP.
- Newman College requested Mahatma Gandhi University to retain its study centre based on student feedback.
- It was decided to change the open course in English to Theatre Studies, instead of English for Careers.
- The Department of Biotechnology proposed a collaborative virtual conference with Mahatma Gandhi University as part of its curriculum augmentation efforts.
- More initiatives for experiential learning like department level exhibitions, collaborative learning etc initiated.
- Value added courses were implemented for maximum number of students to give more emphasis on employability skills.
- More participative learning through organising activities by students.
- The college continued to invest in infrastructure, including classrooms, laboratories, libraries, and other learning spaces.
- Renovated the Kalam Park and built open stage to create more comfortable and inviting spaces for students to socialize.
- It was decided to solicit feedback from stakeholders on a regular basis to ensure that the curriculum and college ambience is meeting needs of the stakeholders.
